# ALPHASTUDIO COMPACT v2

## IMAGING SOLUTION FOR MEDIUM-SIZED OBJECTS PHOTOGRAPHY

Automated product photography system with a unique background removal feature. Specifically designed for the photography of medium- to large-sized objects. It can take static 2D product images, animated 360° presentations, and video. Flexible for products ranging from small tools, to bags, and up to large suitcases and other similarly sized items.

### FAST & EASY CONTENT PRODUCTION

## AUTOMATED IMAGING PROCESS

Automated image capture and processing workflow removes the background on the fly, reduces post-processing, and provides consistent pictures.

#### Lights & camera control

The software automatically activates camera and LED-light parameters, either via predefined or individual template settings.

#### IQ Mask & Natural Shadow

The background is removed instantly while taking a photo. Software can also detect the natural shadow and keep in the final image.

#### Post-processing

Individual post-production settings can be activated, e.g. contrast, saturation, color beautifier, sharpness, and more.

#### Auto-cropping & positioning

The object inside the image is automatically cropped. Extra margins are added and product is positioned in the picture according to your style guidelines.

#### Multi-export

Still images, 360° view, and video can be scaled and exported in one or more formats and pixel sizes. Background can even be replaced with your choice of image or color.

optional add-on

**ORBITVUSUN** is a digital content-to-e-commerce acceleration platform as well as a set of tools to help you market your product online

### E-COMMERCE ACCELERATION CLOUD

- ▶ Easy integration & flexible hosting plans
- ▶ E-commerce plugins included
- ▶ Daily data backup of your images
- ▶ High availability (dual data replication)
- ▶ CDN - high-speed image delivery worldwide
- ▶ Always up-to-date software and plugins

### SELF HOSTING

- ▶ 360° HTML5 player included
- ▶ One-click upload to your e-shop with additional e-commerce plugins
- ▶ Compatible with latest web technologies

### ONLINE MARKETING TOOLS

- ▶ Social media integrations
- ▶ 360° Orbitour - interactive product tours & hotspots
- ▶ Built in QR-code generator
- ▶ Easy Copy & Paste embed codes

### Efficient

- ▶ Automatic background removal
- ▶ Batch image capture and processing
- ▶ Multi-view image capture by up to 5 cameras
- ▶ Direct image upload to your e-shop
- ▶ Web-ready photo in just a few seconds

### Easy to use

- ▶ Can be used by non-professionals
- ▶ Integrated camera and lighting control
- ▶ Automatic 360° image capture
- ▶ Predefined shooting profiles
- ▶ Live View image preview before shooting
- ▶ Multi-camera support

### Flexible

- ▶ Anything from housewares, electronic equipment, bags, to suitcases
- ▶ For still images, 360°, and Video
- ▶ Compatible with Canon DSLRs
- ▶ Produces images for the web, print, and marketing
- ▶ Integrated online marketing tools

### ORBITVU VIEWER SPECIFICATIONS

360° technology	HTML5 player
Deep zoom	unlimited zoom technology
Mobile ready	multi-touch gestures and responsive design
Instant spin technology	no wait time for 360° view to load
Compatibility	any web browser with HTML5 support

## Accessories

### 1. ELEVATED TOP CAMERA SUPPORT

[order code 238A14]

Elevated top camera support and a large top opening allows capturing objects using an optimal focal length.

### 2. MOTORIZED HANGING KIT WITH TOP CAMERA SUPPORT

[order code 238A16]

Motorized platform equipped with magnetic wire fixtures for hanging unstable objects such as handbags, 360° vertical shoe photography, and similar. Rotation of the platform is precisely synchronized with the turntable movement. Equipped with elevated top camera support and a large top opening allows capturing objects using an optimal focal length.

See example: [www.orbitvu.com/hangingkit](http://www.orbitvu.com/hangingkit)

### 3. PRODUCT POSITIONING KIT

[order code 238A32]

Two linear laser pointers for easy object positioning. Display two intersecting lines in the middle of the turntable. Allows for fast and easy product positioning. Recommended especially when shooting 360° images.

### 4. MOTORIZED ZOOM

[order code 238A27]

Enables zooming camera lens remotely from the Orbitvu Station software. Recommended when alternating between large and small items, photographed from the top view. Used with **238A16** and **238A14**.

### 5A. MAGIC TABLE 50 CM HEIGHT

[order code 238A30]

### 5B. MAGIC TABLE 75 CM HEIGHT

[order code 238A31]

An acrylic raised base and stage for comfortable operation with smaller products. Thanks to special material and design, it is automatically removed from the final picture by the software.

### 6. BLACK/WHITE REFLECTORS

[order code 238A18]

Side fabric double-side reflectors help to achieve desired contrast on photograph objects. The white side produces a soft white reflection and reduces shadows. The black side produces high contrast and makes shadows more visible.

Weight net	280 kg (617,3 lb)
Max load	100 kg (220,5 lb)
Power supply	100-230VAC, max. 1570W

Specifications are subject to change without notice.

PC and camera are not included

# ORBITVU

Our photography adventure started more than 20 years ago. The birth of digital photography and e-commerce created new needs and possibilities to showcase products online.

Digital content production requires consistent, good-quality images produced in a short time and at a reasonable cost. Traditional photography and manual post-production processes can yield high-quality results but are slow, complicated, and expensive.

Orbitvu takes the best from traditional photography and combines this with advanced software and hardware innovations. Our goal is to automate and optimize digital content production, delivery, and usage in our customers sales and marketing activities.

## Our solutions will help you:

- ▶ Save time and shorten time-to-market
- ▶ Cut costs with automated content workflow
- ▶ Improve your online product experience
- ▶ Create content for e-commerce and offline/online marketing

**With Orbitvu, your products are teleported to your customers**
